The Secretariat of the International Atomic Energy Agency (IAEA) presents its compliments to the IAEA's Member States and has the honour to draw their attention to the IAEA's new Coordinated Research Projects (CRPs) published between 2024-04-01 and 2024-09-30.

The Secretariat would be grateful if the attached list of new CRPs could be brought to the attention of institutions that might be interested in participating by proposing projects for research and development within the topics listed. More detailed project related information for interested participants is available on the IAEA's Coordinated Research Activities website: <https://www.iaea.org/services/coordinated-research-activities>. The deadline for submission of proposals is described in each CRP web article.

For each approved proposal, research, technical or doctoral contract or research agreement will be concluded with the institution entrusted with the work, and the Government of the Member State concerned will be informed accordingly.

The Secretariat of the International Atomic Energy Agency avails itself of this opportunity to assure the IAEA's Member States of its highest consideration.

2024-10-08

Enclosure: List of IAEA's new CRPs published between 2024-04-01 and 2024-09-30
